"Customers will think of us and smile every time their vehicle starts" - Bob Tan, Managing Director, Nam Wah Battery Co Pte Ltd

OUR HUMBLE BACKGROUND

Operating in the Trading & Automotive Business since 1950, our business portfolio has grown to that of a Wholesaler, Importer, Exporter & Distributor for Automotive, Commercial & Equipment Application Batteries.

Fast forward to 1980s, we have grown and expanded exponentially, becoming the Authorized Sole Distributor of Top International Battery Brands like AMARON, HOPPECKE, OCEAN, FUJICA & BATTLERREADY. These brands are no doubt the Market Leaders in Singapore & the rest of South East Asia.

Presently, this 3-Generations business is currently the Official Partner of these established Factories around the world, importing Extremely High Quality products, coupled with very competitive pricings to maintain our huge customer network Internationally.

"Employees always come first. When you take care of them, customers will be naturally well taken care of " - Jef Tan, Director, Nam Wah Battery Co Pte Ltd

OUR VISION

Nam Wah Battery Co Pte Ltd's Goal is to become a global brand from organizations with world-class engineering capabilities, state-of-the-art manufacturing facilities, high levels of service and a global customer base.

OUR RENDERED SERVICES

BEST QUALITY PRODUCTS

Annually won SGCarMart Drivers' Choice Award as Best Battery in Singapore by the local Community. AMARON is the Top Battery Brand in Singapore & South East Asia, proven with the lowest discharge rate & longest battery life in the market.

TOP NOTCH SERVICE

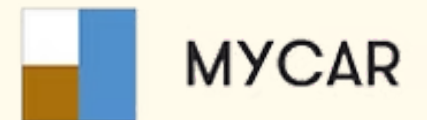

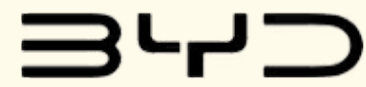

Achieved a massive 45% market share by supplying Taxi Fleets, extending distribution network to vehicle workshops, government vehicle fleets, commercial vehicle fleets, car rental companies, towing and road recovery companies and private hire fleets.

EXCELLENT AFTERSALES

Aftersales Service is the most crucial for Automotive Batteries. We undergo intensive tests on batteries and ensure that any defective batteries are replaced under warranty. Official Battery Report stating individual cells & Specific Gravity, Voltage is provided upon request.
